

WBro. David Silverman

50th Anniversary – September 2021

David are you comfortable?

David, 50 years continued membership of our order is a fantastic achievement and goes some way to demonstrate the tremendous commitment you have given to Freemasonry during this period - to try and give you an insight as to just how long ago that was - I was still wearing shorts at Primary School.

We have already briefly heard about what sounded like a rather hectic business, public service and family life but you still found the time to be initiated into Scroll Lodge No.7395 on the 20th January 1970.

You were a founding member of Mount Sinai Lodge No.8855 on its consecration on the 21st March 1979 and became its Worshipful Master on the 26th May 1983.

Following the amalgamation granted in June 2014 between Old Mancunians and Mount Sinai Lodges you automatically became a member of this Lodge under its current number of 3140.

At Provincial level you were appointed to what is a senior position for a first appointment to that of Past

Provincial Grand Superintendent of Works in November 1989.

In the Royal Arch you were Exalted into Ark and Menorah Chapter No. 6594

David, I must say how privileged and honoured I am to be present

on this very special occasion and on behalf of our Right Worshipful Provincial Grand Master I bring you his personal letter of congratulations which you may read at your leisure along with this certificate which with your approval I would like to read to the brethren.

Finally, I would like to offer my own personal congratulations and wish you good health to enjoy many more years membership of this fine Lodge.
